About This Ride:

This is a celebration of the new year, cycling, and downtown Kalamazoo. The ride will take us through parks, parking ramps, campuses, and courtyards around the city. Ride length is typically less than 10 miles and is dictated by the weather and thirst of the riders. The ride will be led by the friendly folks from PEDAL. Amy, Shawn, and the ever-attentive staff at Old Dog will have a selection of food and beverages available for purchase for your pre and post ride pleasure.
